## LOVELL

Jessie M. Noyes  
Jessie M. Noyes, widow of the late Dr. E. J. Noyes, died very suddenly at 7:30 Thursday evening Nov. 10, after an illness of less than a week. Mrs. Noyes was born in St. Peter, N. S., Aug. 1, 1882, the second daughter of Kenneth and Annie MacLean.

In 1900 she came with her family to Augusta, where she attended the local schools. In 1906 she graduated from Shaw's Business College. In 1907 she entered as a probationer at the Maine General Hospital, graduating from that institution in the class of 1910. She followed her profession until she met and married Dr. Noyes in 1917.

Since her marriage she has been a resident of Lovell. In times of peace and distress in the neighborhood she has always given freely of her services and skill as a nurse and has attended at the bedside of many not only in this town, but in surrounding towns—a faithful servant in time of need.

“Well done, good and faithful servant, thou hast been faithful over a few things; I will make thee ruler over many things; enter thou into the joy of thy Lord.” For “Greater love hath no man than this, that a man lay down his life for his friends.”

Mrs. Noyes was a member of the Order of the Eastern Star. She leaves to mourn their loss, her mother, Mrs. Charles H. Davis, one sister, Mrs. Charles Pease, and many nephews and nieces, and hosts of friends.

The remains were taken to Augusta, Friday, and buried in the family lot. Commitment services at the grave were conducted by the Rev. Andrew McWhorter, pastor of the Augusta Congregational church.

The records of the United States George Washington Bicentennial Commission indicate that more than one million separate Bicentennial programs have been held in all parts of the world.

This unprecedented celebration—the greatest tribute ever paid to a national hero—will come to an official close with the observance of simplicity and respect. A united nation will show its reverence and admiration for its founder.

The United States George Washington Bicentennial Commission announces that it has prepared special booklets to assist organizations in arranging their Thanksgiving Day celebration programs. More than 25,000 of these booklets have already been distributed. In addition the Commission had prepared a book of sermons made up of contributions from leading clergymen of the various denominations of America. These sermon booklets have been distributed primarily to churches in small cities and towns where facilities for research are not abundant. Copies may still be procured by writing to the United States George Washington Bicentennial Commission in Washington, D. C.

All Harrison is mourning the loss of Professor Frederick E. Bristol of New York, who has been a summer resident here for over twenty years. Mr. Bristol passed away Friday afternoon, Nov. 11. On Saturday evening at eight o'clock, a memorial service will be held at Harrison Public Library for "Pa" Bristol, as he was affectionately known.

## CHURCH OBSERVANCES TO MARK CLOSE OF BICENTENNIAL CELEBRATION

The George Washington Bicentennial Celebration will be brought to a close on Thanksgiving Day, Nov. 24, in the same manner in which it began on Feb. 22—with religious services in honor of George Washington in all the churches of America.

The United States George Washington Bicentennial Commission estimates that more than 75,000 churches will participate in separate Thanksgiving Bicentennial exercises. In many cities and towns, the Bicentennial Commission will hold joint convocations with the churches.

The reports from the religious societies of America indicate that every church of the land will participate in the closing tribute, either by holding separate Bicentennial exercises or by joining with the other churches of their community in a combined celebration.

The Bicentennial Celebration has been going on in all parts of the world for the past nine months. More than 700,000 separate convocations, representing the schools and churches, as well as civic, fraternal and patriotic societies have been actively engaged in honoring the memory of George Washington on the two hundredth anniversary of his birth.

Every state, city and town in the United States has participated. Besides the celebration has been carried out in all our territories and dependencies as well as in seventy-eight foreign countries.

## Maine Publicity Bureau TO REMOVE ADVERTISING

A vigorous effort to remove unsightly advertising signs and political notices from electric light poles and other transmission equipment, located along the highways in its territory, is now underway. This action was prompted by a desire of the power company to cooperate with the various State organizations in their road beautification activities.

More than the usual number of political advertisements had been tacked to poles during the recent campaign and the practice was being resorted to by commercial advertisers to such an extent that it not only had created an unsightly nuisance along Maine's highways, but is a distinct hazard to linemen who climb the poles.

The Central Maine Power Company has published a pamphlet quoting the Revised Statutes of 1930 which make such an offense, without the consent of the owners or municipal officers, in the case of public highways, punishable by fine.

In this pamphlet attention was also called to the dangers of throwing stones at insulators, resulting in broken wires, which might deprive an entire town of electric service, causing thousands of dollars damage and possible loss of life. The unlawful and intentional breaking of any insulator wire or other transmission equipment is punishable by a fine or imprisonment.

Plumbing in all its branches, by competent workmen.
